Yahuah Ruha Filled Qahal Brooklyn | Holy Spirit Filled Assembly Brooklyn

Our mission & vision

We are a YahuDYM (Hebrew) assembly following YAHUAH Mashiyha, the Savior. We believe YAHUAH is revealed in the flesh as Yahusha, our Parawqaliyt, and that YAHUAH Ruha is the Set A-Part Spirit. Our mission is to grow in Scripture, walk in covenant, and keep YAHUAH's appointed times. Through Sonship discipleship, we seek transformation in our lives and our assembly, learning what it means to be first fruits of the 144K. We teach that the Ta'nak and the Briyt Kadash stand in full agreement, proclaiming YAHUAH as the only Mashiyha - Messiah and Savior.

Your life will never be the same!

YAHUAH’s Moedym

We follow the lunar calendar of YAHUAH for New Moon Days, Shabat, and appointed feasts.
Day 1 begins with the first visible crescent after the dark moon.

The Shabat is a day of rest, kept Set A-Part to YAHUAH. We set aside ordinary work and gather in observance of His appointed times.

Yum Pesach | Passover

Remembering Ysrael’s deliverance from Mitzrayim (Egypt).

Yum Matsah | Feast of Unleavened Bread

Following Passover, we remove yeast products for seven days and remember the haste of leaving Egypt.

Yum Bakiriym | Feast of First Fruits

Celebrating the beginning of the harvest and its connection to the resurrection of the Messiah.

Yum Shabua’aut | Feast of Weeks / Pentecost

Marking the wheat harvest and the giving of the Law.

Yum Taru’a | Feast of Trumpets

A time of rest and a call to repentance.

Yum Kapar | Day of Atonement

A solemn day of repentance and atonement.

Yum Sakut | Booths

Observing the appointed Feast of Booths.

YAHUAH LUNA MOON CALENDAR

Our lunisolar Shabat model | 2027 reference guide

Day 1 begins with the first visible crescent after the dark moon. In our assembly's observance, each lunar month resets the weekly count. Shabats fall on lunar days **8, 15, 22 and 29**, rather than a fixed weekday.

TRACKING THE LUNAR MONTH

1. New Moon Day - Day 1. Observe the first visible crescent to begin the month. This is a standalone worship/reset day outside the six working days.

2. Six working days - Days 2-7. Count six consecutive days of labor before the first Shabat.

3. First Shabat - Day 8. Set this day apart for rest and worship.

4. Continue the count. Work on days 9-14, 16-21 and 23-28; observe Shabats on days 15, 22 and 29.

5. Month-end transition. A lunar month has 29 or 30 days. In a 30-day month, day 30 is a transition/work day outside the weekly count before the next New Moon reset.

WHY DATES MAY DIFFER

Our assembly follows crescent sighting rather than a fixed calculated calendar. Differences in sighting location and calendar practice can produce different dates among assemblies. Calculated conjunction dates do not establish our Day 1.

ABOUT OUR OBSERVANCE

Gregorian dates are reference aids for work, travel and planning. Our feast observances begin and end at sunset, following our understanding of BARASHIYT (Genesis) 1:5. Confirm observance dates with the assembly before making plans.

Shamut (Exodus) 20:1-17 | The Ten Commandments

All the esteem to YAHUAH

Reading summary of the commandments shared by our ministry.

1. Worship YAHUAH alone. Worship no other mighty ones besides Him.

2. Do not make carved images to bow down to or serve. YAHUAH shows lovingkindness to those who love Him and guard His commandments.

3. Do not bring the Name of YAHUAH, your Aluah, to nothing.

4. Remember the Shabat day and keep it Set A-Part. Work six days and rest on the seventh; let your household and those within your gates rest also.

5. Honor your father and mother, so that your days may be prolonged in the land YAHUAH gives you.

6. Do not murder.

7. Do not commit adultery.

8. Do not steal.

9. Do not bear false witness against your neighbor.

10. Do not covet your neighbor's spouse, servants, animals, or anything that belongs to your neighbor.

"You should love one another as I have loved you."
